

June 22, 2006

Dear Missionary Partner:

Greetings in the name of the Lord! On behalf of the Missions Committee of Glenview Evangelical Free Church, we write to share some dynamic initiatives with you, as one of our missionary units.

The Committee is resuming our annual survey that we trust will increase mutual communication, collaboration, and accountability as partners in ministry. We would appreciate your completing the attached Annual Missionary Update, Part I, and returning it in the self-addressed envelope to the attention of the Missions Chairperson by September 1, 2006. The form is not lengthy; it should take no more than ten minutes to complete.

Upon collating the data we receive, we prepare an annual Missionary Directory and Missionary Prayer Calendar which profile you, your family and your concerns so that we are better informed of needs and may intensify our prayer support on your behalf. Also, when you anticipate returning home for leave, home assignment, potential retirement, and/or other activities, your responses to the survey will assist us in knowing specifically when to expect your visit and/or participation with us at Glenview. Additionally, it should provide your local address and number while you reside in the States. We would also appreciate your sending a recent photograph so that we may place it into the calendar.

For your information, a copy of the Directory and Prayer Calendar are distributed to each member of the Glenview Evangelical Free Church family. It is intended to facilitate their communicating and prayer support on your behalf. **Please** be assured, however, that we will observe and maintain the confidentiality of any data you deem private as necessary.

Please also note that we as a Church Family believe that we are partners with you, and we would desire that you pray for us, as well. Hence, the attached form, Part II, includes questions that our Mission Committee completed and is sending to you for your files. The completed form should better prepare you regarding our goals, outcomes, prayer needs and demographics as a Church family. Thank you in advance for your continuing support in "fulfilling the Great Commission."

Sincerely,

Dr. Alma Labunski
Chairperson, Missions Committee
